

'Open Skies' Plan 'Comical'—Khrushchev

**Top Reds
Would Like
To Visit U.S.**

... 'Too Proud To Ask'

HELSINKI (INS) — Nikita S. Khrushchev Thursday dismissed as "comical" American proposals for "open skies" inspection of the Arctic regions.

The Soviet Communist party chief said he and Premier Bulganin would like to visit the U.S. to help restore East-West confidence, which he said is needed before the disarmament problem can be solved.

"But we are too proud to ask for such an invitation for ourselves," Khrushchev said.

Khrushchev and Bulganin held a long news conference in Helsinki at the end of a seven-day visit to Finland and then boarded a train for the Soviet Union.

Suggests 'Agreement'

Bulganin proposed that members of the Atlantic Pact and of the Warsaw Pact, linking Eastern Europe's Communist states, conclude a "suitable agreement" pledging to settle all differences "only by peaceful means and negotiation."

Bulganin read a prepared statement, while Khrushchev answered questions submitted by newsmen.

Khrushchev's criticism of the "open skies" proposals was the first official Soviet reaction to the U.S. proposals being prepared for presentation to the London disarmament conference which resumes meetings Friday.

London reports said that the U.S. delegation had submitted a "working paper" to the Soviet delegation on the American proposals for a limited disarmament agreement.

Khrushchev criticized American insistence on rigid controls for any disarmament plan as "camouflage" for the lack of international trust and confidence.

Two Escapees Apprehended Near Lincoln

Two Lincoln State Hospital patients who picked a lock to make their escape Tuesday noon were picked up Thursday morning near Lincoln by the Nebraska Safety Patrol.

They were identified as Henry Safarik, 29, and Jack Ward, 20, who were found about three miles north of Lincoln on U.S. 77.

Two National Guardsmen driving north on the highway saw two men crawl out of the weeds and attempt to flag a ride, according to Patrol Capt. Dan Casey.

The Guardsmen contacted Troopers Ben Molcyk and Charles Langloss in a patrol car farther down the highway and all returned to the spot.

No Resistance

The troopers located the two hospital escapees, who offered no resistance, in a nearby field.

According to the troopers, the two patients said they had eaten nothing since leaving the hospital and had slept Tuesday night in an old corn crib and Wednesday in an alfalfa field.

Both were returned immediately to the hospital's security ward. Both had made previous escapes.

Ward was one of five patients who escaped from the maximum security ward of the hospital on March 20. He was apprehended the following day in Omaha.

NWU Changes Title Of Chief

The title of the chief administrative official of Nebraska Wesleyan University has been changed from chancellor, a term commonly used for the head of a multi-purpose school, to president, the usual title of the chief of a liberal arts college.

An integrated liberal arts college since 1940, Wesleyan was chartered as a multi-purpose university and at one time served that function, Acting President Sam Dahl pointed out.

The change is the result of a series of charter and by-law changes adopted by the Wesleyan board of trustees at the spring business meeting.

Bankers Gather On Doane Campus

Nebraska bankers are in their 10th annual session at Doane College in Crete, Neb., this week for the Nebraska Bankers Association Bank Management conference. Among the 150 attending the sessions are, standing, left to right: Chauncey E. Barney, Lincoln attorney and NBA legislative representative; President D. M. Typer of Doane; and J. F. McLain, state banking director from Lincoln. Seated, left to right: H. D. Kosman of Scottsbluff, vice president of the NBA; Fred H. Bruning of Bruning, president of the state association; and Chase Neumann of Oakland, general chairman of the management conference. (Photo Special to The Star)

Stassen Denies Any Reprimand

... He Returns To London

WASHINGTON (INS) — Disarmament chief Harold E. Stassen returned to the London disarmament talks Thursday and said he is heading into "hard, careful negotiations" on a first step arms control agreement with Russia.

Stassen denied that he had been officially criticized or reprimanded by President Eisenhower or Secretary of State Dulles for having gone too far in discussing U.S. proposals privately with Chief Soviet Delegate Valerian A. Zorin.

Authoritative sources earlier had disclosed that Dulles mildly rebuked the special presidential adviser, but did not use language strong enough to be labeled a reprimand.

On his departure, from Washington, Stassen said he was returning to the five nations disarmament negotiations with new instructions on how he should proceed to obtain a limited first step agreement with the Soviet Union.

Dulles is understood to have instructed Stassen to continue discussing informally with the Soviet delegation all aspects of the American proposals except those concerning an "open skies" inspection zone in Europe.

Stassen said: "We are closer to a first step agreement today than we were three weeks ago."

Lincolnite Among State Grads At Chicago U

Ruth E. Sutter, 5141 So. 48th, has been graduated from the University of Chicago with a Master of Arts degree in social science.

Other Nebraskans who received degrees from the University of Chicago are Wilbur Huck, Bayard; Dale Altman, Enders; Lorton Heusel, Gibbon; Theodore Peterson, Holdrege; Eugene Beisner, Lexington; Donald Myers, Omaha; and Stanley Traub, Omaha.

—Girard Case—

Levin Mum On Applying Of Pressure

... For Trial In Japan

CAMP WHITTINGTON, Japan (Friday) — Maj. Stanley Levin, personal legal adviser to Specialist 3C William S. Girard, acknowledged Friday that he and Girard have discussed the relative advantages of U.S. military and Japanese civilian trials on charges stemming from the death of a Japanese scrap collector.

Maj. Levin

He refused to say he advised Girard to accept trial in Japan on grounds that if convicted his sentence would be lighter.

Girard said Thursday that he has been under pressure from Japan and other Army officials in Japan to call off efforts to have his trial moved to America, and to accept trial in a Japanese court.

Asked by newsmen, "Did you tell Girard he would get a stiffer sentence from a military court than from a Japanese court," Levin snapped:

"No comment."

Question Rephrased

The question was rephrased several times and finally a newsmen asked: "Well, shouldn't someone have advised him of that because it is a fact?"

Levin answered in an apparent burst of irritation:

"What kind of a lawyer would you think I am if I hadn't discussed all aspects of the case with my client?"

Levin emphasized that "Girard is a free agent" in the bitter international dispute resulting from charges that he shot and killed a Japanese woman on a military firing range last Jan. 30.

The attorney said that when the Army's assistant judge advocate general, Brig. Gen. Charles Decker, arrives later Friday he'll probably want to see Girard.

"The Army is doing all it can for Girard," Decker told newsmen in Tokyo. "I am here to help him."

Ag Meet Scheduled

CRAWFORD, Neb. — The summer meeting of the Nebraska Society of Farm Managers and Rural Appraisers is scheduled at Fort Robinson June 20-21.

Watson May Leave Omaha Headquarters

OMAHA — A decision probably will be made within 30 days on location of a new general headquarters for the Watson Brothers Transportation Co., Executive Vice President William Wolfe said Thursday.

The firm's headquarters building here was destroyed in a million dollar fire Saturday.

Wolfe said several cities were under consideration for the new headquarters and general shop facilities, among them Omaha, Denver, Kansas City, Los Angeles, Wichita and Albuquerque.

The general shop would be moved along with the headquarters, he said, but the facilities would not be connected. He said Watson still would have a "sizeable" Omaha operation if the organization moves the headquarters.

Wolfe said he "hoped" Omaha would continue to be the site.

Operations were going on schedule from temporary facilities at 15 and Marcy Streets Thursday.

Salvage operations continued, Wolfe said, but most of the contents of the 1,000 filing cabinets were not salvagable.

Insurance completely covered all tractors, trailers and freight in the burned building, Wolfe said, but \$250,000 in policies on other contents of the building did not cover the loss.

Youth Project Move Prompted By New Personnel

Lincoln Youth Project offices will be moved to 2633 Randolph after July 1, according to Lloyd Voigt, project director.

The present office is at 507 Federal Securities Building.

Voigt said that one of the reasons for the move is that the addition of two new staff members in the near future requires more office space.

Donald J. Baker of Berkeley, Mo., will join the staff Monday. John R. Ahnert of Iowa City, Ia., will report July 1.

An additional reason for the move, he said, is the need for more parking space since the casework load requires the staff members to make several trips to and from the office.

The more central location, Voigt said, is expected to make it easier to reach the people served by the agency.

PLYMOUTH WELCOMES MAYFLOWER

PLYMOUTH, Mass. — Mayflower II, reproduction of the bark in which the Pilgrims arrived here in 1620, was snug in port Thursday night, her ship's company of 33 enjoying the comforts and graces of life ashore for the first time since she left Plymouth, Eng., 54 days ago.

She sailed 24 miles across Cape Cod Bay Thursday after remaining there over night. The original Mayflower also called at Provincetown before dropping anchor at Plymouth.

Instead of Indians, as in 1620, Mayflower II was greeted by thousands of visitors and flotillas of yachts and other small craft as airplanes and copters soared overhead. A cannon salute was fired.

Walter Haskell, director of press relations, estimated that 50,000 persons along the coast witnessed Mayflower's arrival.

Church bells pealed. Strains of the Star Spangled Banner and the British national anthem carried out across the water to Mayflower's mooring. A minister offered

a prayer and a hymn was sung. Cmdr. Alan Villiers, Mayflower's veteran windjammer captain, and other members of his crew were introduced on a platform close to historic Plymouth Rock.

Then he and his company hurried to hot baths, first in nearly two months, and fresh food, first in almost as long.

Villiers described Mayflower as "a good, strong, sturdy ship," but when asked if he preferred to go home on an ocean liner, he replied: "You bet."

AF 'Located' \$201,000 For Copters After White House Order

Other-Purpose Funds Tapped

WASHINGTON (AP) — An officer said Thursday the Air Force located \$201,000 last winter to buy two helicopters for the White House after an order "to us from the White House."

Maj. Gen. Frank A. Bogart, Air Force budget director, gave the explanation to Sen. Ellender (D-La.) at a Senate Appropriations subcommittee hearing on the defense budget. He said the order from the White House was relayed through the Defense Department.

Ellender had asked "under what authority" the helicopters were bought, and how much it costs to operate them.

Bogart said the Air Force "re-programmed" after getting the order last December and found funds "through recoupments" — presumably by tapping funds originally earmarked for other purposes.

\$33.63

He said it costs an average of \$33.63 "per flying hour" to operate the new White House helicopters. He said each requires a pilot and that maintenance is handled by the "MATS squadron at National (Airport)." MATS is the Military Air Transport System, operated jointly by the armed services.

Ellender wanted to know how many hours the helicopters had been used, whether they operated only under presidential orders, and what they would be used for.

Bogart promised to supply the answers later, although he said he understood President Eisenhower had not used them yet. There have been several training flights, and the White House has said they will be used in an evacuation test next month.

"I don't imagine they ever will be used very often," Ellender said. Noting a White House explanation that use of the helicopters would save time in getting Eisenhower from the White House to the airport, Ellender said "it would have been cheaper to get the police department to clear the way if they just wanted to save a few minutes."

Elks Here Urge Observance Of Flag Day Today

Lincoln Elks are asking every citizen to "demonstrate his patriotism and pride in our great country and its heritage of freedom" on Flag Day, Friday.

Max Pennington, Exalted Ruler of Lincoln Lodge No. 80, in announcing the "Show Your Colors" campaign, asked that citizens fly the flag from dawn to dusk in honor of the 180th anniversary of the adoption of the Stars and Stripes by the Continental Congress on June 14, 1777.

The Elks' leader requested that all civic, fraternal and patriotic groups in the city urge their members to fly the flag "in public tribute to the symbol of this land of freedom we hold so dear and in rededication to the cherished tradition of self-government which it represents."

Weather Bureau Cites Tornado Spotters

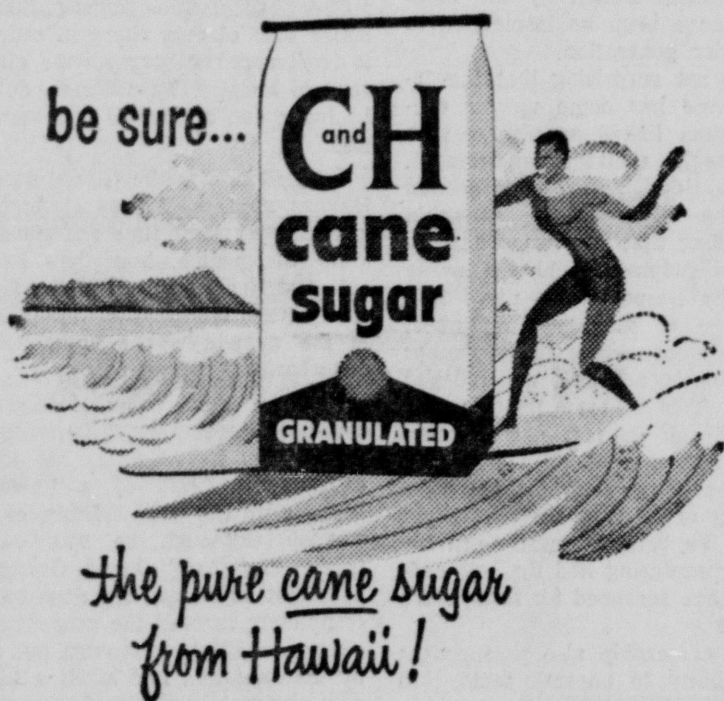

W. D. Stevens (right), head of the Lincoln Weather Bureau, read letters of commendation from the U.S. Weather Bureau to State Safety Patrolman Lawrence Hanus (left) and Ben Molczyk, whose advance warning of a tornado approaching Milford April 25 is credited with saving many lives. Stevens said the men were included in less than a dozen given such awards who are not connected with the U.S. government. There was only one death and one serious injury in the tornado which caused more than \$1 million damage. More than 75 per cent of the damaged buildings have been rebuilt. Milford Police Chief William Rummel also received a public service citation from the Weather Bureau for his action in driving through the streets of Milford to warn residents until the tornado hit. 10-Point Boys' State Program Has Sales, Ton-Mile Taxes

By ALLEN EDEE
Star Staff Writer

Boy's State Governor Jim Matschullat of Fremont introduced a controversial ten-point program before the Boys' State Legislature Thursday, urging a sales tax, ton-mile tax, a minimum voting age of 18, and a five-mile-an-hour increase in the state speed limit.

Governor Matschullat also recommended that a statute be enacted to set a maximum number of pupils permitted to enroll in any one teacher's class; that school consolidation be made mandatory at the direction of the State Board of Education and that physical examination for drivers be required.

He also recommended that teachers be required to attend an accredited college at least two years, and that legislation for financing, acquiring right-of-way and letting contracts for interstate highway construction be considered.

Clerk of the legislature, Harold Steyer of Omaha, said the bills are being drafted by the legislature for introduction at Friday's session, covering the governor's program. Boys' State legislative committees Thursday passed three bills and two resolutions and killed two bills.

Increase Speed Limit

The committee approved a bill to increase the speed limit from 60 to 65 miles an hour in the day and from 50 to 55 miles an hour at night. The bill set a speed limit for trucks and vehicles towing trailers at 50 miles per hour, day or night, and provided that no vehicle be driven under 35 miles an hour to impede or block traffic.

The committee also approved a bill to authorize the State Highway Department to construct, operate, and maintain turnpikes or toll roads, and to issue revenue bonds, payable solely from tolls, to pay the cost. This bill passed committee with an emergency clause.

LB 5, okayed by the committee,

provides that the point system be changed to allow only one point for speed not more than five miles per hour over the speed limit and two points from five to ten miles an hour over the speed limit.

Kill Driver Education Bill

Committees killed bills making a driver education course mandatory and vesting control of such a program in the state motor vehicle division, and providing for a state income tax.

A resolution was approved calling for the governor to appoint a non-political, expert commission of three members to study and report on the state tax structure.

A secondary resolution was approved calling for the governor to appoint a five-member state highway commission, subject to confirmation by a majority vote of the legislature, to study highway conditions, make estimates of costs for improvements, to assist the highway engineer in allocating state and federal funds and to recommend the location of highways and roads.

The Boys' State Supreme Court heard the actual case of Zorinsky V. American Legion Post of Omaha, in which a woman suffered injuries by allegedly swallowing a piece of glass in a sherbert dish.

The district court was entertained with motion picture films.

Rites Friday For Littlefair Infant

Funeral services for the infant daughter of A. 2c. and Mrs. Charles B. Littlefair of 2715 No. 48th, will be 9 a.m. Friday at Umling's, the Rev. E. L. Mason officiating. Burial will be at Fairview.

Survivors include her parents; two sisters, Linda Lee Maxson and Elma Jean Maxson, at home; grandparents, Mr. and Mrs. Edwin Snyder of Lincoln and Ben Littlefair of Ottawa, Ill.

KRAFT DE LUXE the new kind of margarine

Stanton Delaplane's POSTCARD

The front page news in New York is the threatened defection of baseball teams. The New York Giants to San Francisco, the Brooklyn Dodgers to Los Angeles.

This is viewed with alarm (as we say in the journals) All sorts of important statements are coming out from important people.

This has all come about through TV and shows what a lot of disruption you can cause if you fool

around with science long enough. TV went into the ball parks, paying in the case of the Dodgers \$750,000 a year, for a seat back of third base. It then invited everybody to come and sit on its lap and drink beer.

This proved to be a tempting invitation. So many people accepted that paid attendance dropped off to a corporal's guard.

The idea now is that baseball can be saved by making people pay for the television seats. The pay-as-you-go or drop-a nickel-in-the-slot TV set.

It would seem then that the Giants and Dodgers could move

wherever they wished without upsetting the economy.

There is a good deal of sentimental sniffing, however, about the move of these ball clubs. It would seem that Brooklyn and New York want the game at least "elvisized" in their own backyard.

I should think it would be possible for both coasts to have these teams. They could sponsor them. Like you sponsor a destitute family overseas. The teams actually could play somewhere in a remote spot in Kansas or Nebraska.

This would prevent many unfortunate occurrences — such as when

a player climbs into the stands and clobbers a heckler.

It reduces the chances of the innocent bystander being hit by a foul ball. The insurance saving alone would be tremendous.

Thus, possibly ends the era. The era of pop and hot dogs and raving, raging rooters behind the screen at home plate. All slipped away so casually that we hardly knew it was going.

The big picture tube is king. And whether ball clubs come here or go there, man's electronic betterment has traded off an equal enjoyment.

(McNaught Syndicate, Inc.)

KANSAS CITY, Mo. (AP)—Observers in Municipal Judge Eugene R. Brouse's court here thought he was being a little more lenient than usual with traffic violators. After the judge had processed some 60 cases, an associate asked him about the rash of small fines.

Fight To Cut Foreign Aid Is Hard Pull

... In The Senate

WASHINGTON (AP) — The \$3,637,000,000 foreign aid bill underwent a barrage of fiery denunciation in the Senate Thursday as its critics fought an admittedly uphill battle to cut it by 390 million dollars.

The measure found a champion in Sen. H. Alexander Smith (R-N.J.), who said it is "a bill for peace and freedom."

Sen. Morse (D-Ore.) accused the administration of "a senseless waste of millions" which he said has contributed to "a rising tide of anti-Americanism throughout the world."

And Sen. Talmadge (D-Ga.) said economic aid has been used for everything from "bathing facilities for Egyptian camel drivers" to "collapsible toothpaste tubes to Cambodia."

Despite the verbal fury of the opposition, Sen. Lyndon B. Johnson (D-Tex.) the majority leader, appeared confident of enough votes to defeat any big cut in the authorization bill.

Johnson and Sen. Knowland (R-Calif.), the Republican leader, were working shoulder-to-shoulder to keep the sums in the bill intact on the assumption they will be "adjusted downward" in a later bill providing actual cash.

Citizens Bank Building Firm Is Incorporated

Articles of incorporation were filed Thursday for Citizens Corporation, which has as incorporators Citizens State Bank President George A. Knight, George W. and Charles E. Knight, Percy Mays and Ernest L. Smith.

A real estate firm, the new corporation was formed principally for the new bank building at 48th and Huntington for which ground was broken earlier this week, according to President Knight.

However, Knight said, the "broad form" of articles was filed with the secretary of state, so that the corporation is not necessarily restricted to the single project. Authorized capitalization is \$100,000.

Completion date for the new bank building is set for Nov. 1.

Strikers Halt Demolition Work

Striking members of Local Labor Union 1140, International Hodcarriers and Common Laborers, have halted work on the demolition of the building at the northwest corner of 10th and P. According to Leonard Schaffer of Omaha, Local 1140 head, the demolition job is being picketed (above) because of substandard wages being paid by the American Wrecking Co. of Omaha which has the Lincoln job. Negotiations for a higher wage scale and resumption of work after the settlement were expected to be completed soon. (Star Photo)

LINCOLN WOMAN PLANS TWO-WEEK SAFARI AS PART OF AFRICAN TOUR

A two-week safari in the Belgian Congo is included in the plans of a Lincoln woman during her two-month summer tour of Africa.

Esther R. Scott of 2329 So. 22nd will leave Saturday for New York City where she will depart for Egypt, Ethiopia and other African areas.

Her itinerary will include the Kimberly diamond mines, Zulu dances, giants, pygmies, lava beds, the Congo River and Swaziland.

Miss Scott said she became interested in Africa when she took a world tour two years ago. She said that four members of the world tour will also be taking the African trip.

The adventuring Miss Scott, who said she is particularly looking forward to the two-week safari in the Belgian Congo, has taught in the high school at Monmouth, Ill., for the past 11 years, but returns

Lambert, Deitemeyer Head Water Resources Group

A water resources organization, with the primary purpose of gathering and giving information on water problems, was organized in Lincoln Thursday night.

Thirty-five people, representing government, education and business in Nebraska, selected Dean W. V. Lambert of the University of Nebraska College of Agriculture and Carl Deitemeyer, president of the Nebraska Farmer Co., co-chairman of the National Resources Institute, the organization's tentative title.

The co-chairmen and Dan Jones of the Nebraska Water Resources Department, who is temporary secretary, will work out organizational details and appoint a steering committee to plan a national meeting in early December in Lincoln.

"The idea will be educational," Deitemeyer said, "presenting problems connected with water, with no attempt to pass resolutions but informational only."

Other organizations cover only parts of the problem, he said, but "this institute will try to wrap

Lambert

up all of the problems and make it meaningful to the people."

He said the institute hopes to perform a service by acting as a clearing house of information.

"Water is the number one domestic problem," Deitemeyer said.

Deitemeyer

London Bus Kills Seven

LONDON (AP) — A big red double-decker bus sped out of control on London's main shopping street Thursday and mowed down a holiday crowd like a bull-dozer charging through a thicket.

Seven were killed and 20 injured. Hundreds of others were treated for shock. Three of the dead were women.

All had been waiting at a bus-stop in the afternoon rush hour.

The Oxford Street scene was like something left over from the blitz days of World War II. Eyewitnesses screamed and fainted. Piles of tangled bodies of the dead and injured covered the sidewalk. Store windows were shattered by hurtling bodies.

Lady Bugs Fete National Chief

Military Order of Lady Bugs of Nebraska entertained their national Majestic Lady Gold Bug at the annual Royal Hunt held in Lincoln.

Mae Pinkston of North Bend, Ore., made her official visit to Nebraska and was the guest speaker at the Hunt.

State officers elected were Thelma Woodside, Omaha, Royal Lady Gold Bug; Catherine Swain, Fremont, Royal Lady Katydidd, and Mina Churchill of Lincoln, Royal Lady Butterfly.

THE BEST GIFT FOR FATHER YET!

Policewoman Hits 'Red-Inspired Youth Degradation'

By NANCY BENJAMIN
Star Staff Writer

A Chicago policewoman traced the pattern of teenage drug addiction and the rising sex crime rate among youth before the Thursday evening session of the fourth annual Law Enforcement Institute.

Dr. Lois Higgins, director of the Crime Prevention Bureau of Illinois, told law officers that she believed the "degradation of youth" to be at least partially Communist-inspired to "undermind the fighting strength of the nation."

Smuggling of narcotic drugs into the country is probably "the undertaking of an unfriendly nation, earning for war, and needing to raise money," she said, naming Red China as the most likely "hostile nation."

"Money is not the most important thing," she stressed. "The prime consideration is to wreck the young manhood and womanhood of the nation."

80% From 17-29

Eighty per cent of the nation's drug addicts are between the ages of 17 and 29, with 60 per cent of these between the ages of 17 and 25, she said, pointing out the effect upon a nation's military strength.

The use of marijuana, she charged, is overlooked by enforcement officers as the most popular way to drug addiction by youth.

Describing the drug and its effects, she pointed out that marijuana "is known as a sex stimulant—inextricably tied up with sex and pornography."

Although marijuana itself is not habit-forming and can be stopped without the painful after effects of other drugs, Dr. Higgins called it "the gateway to mental, moral and physical deterioration."

Like Alcohol

A youth who smokes a "reefer" goes through states of excitability acting out of his thoughts and finally deep sleep—a cycle much like that caused by alcohol, but less expensive—the police officer explained.

"Anything in the mind becomes a reality," she said, "explaining many of the crimes of violence without motivation."

She urged the Nebraska police officers attending the Lincoln conference to fight the "insidious menace" of marijuana usage, explaining that it was the most easily available and most popular with youth.

Dr. Higgins also discussed the increase in pornographic literature and the present attack of such magazines upon the family unit.

Crime and drug addiction are linked because of the need of most addicts for larger and larger doses, and thus more money, she stated. Also the use of drugs in itself breaks down the barriers to crimes, especially those of sexual nature and bestiality.

Recent surveys show that 46 per cent of the crimes committed are by persons 18 or younger, yet only three to five per cent of the nation's youth are ever involved in crime.

"We must never forget that most of our young people are happy, normal, wholesome, fun-loving individuals," she stressed.

'Up To Individual'

"It is not surprising that some young folks act as they do—they are acting as adults do," Dr. Higgins concluded, adding that "the cause of crime or the cause of delinquency is the individual himself because he is the only one who can decide what choice he is going to make."

During the Thursday evening session Dr. James Reinhardt, professor of criminology at the University of Nebraska, was presented with a \$500 check by the Nebraska Police Officers Association for further research.

Dr. Reinhardt has used previous funds from the Association toward the publication of his most recent book, "Sex Perversion and Crimes."

Carroll Pauley, president of the board, said the committee on Capital Improvements will present its findings at a later date after a thorough study of the survey which indicates a possible \$2,250,000 expansion program for the hospital.

The expansion would hinge on a \$1 million public donation drive in the city of Lincoln, a drive which the report recommends begin not before 1958.

No action on the survey is expected to be taken at the board's regular meeting next Monday.

To 190 Beds

The program would increase Bryan Memorial, which is operated by the Methodist Church from 125 to 190 beds and double the nursing school capacity from 60 to 120 students.

Financing in addition to the \$1 million in donations would be, according to the report, \$150,000 from

Law Officers Discuss Crime

Dr. Lois Higgins, chief of the Illinois Crime Prevention Bureau and principal speaker at Thursday night sessions of the Law Enforcement Institute discusses modern crime prevention methods with Lincoln Police Chief Joe Carroll (center) and Hastings Police Chief George Maul, president of the Nebraska Police Officers Association. (Star Photo.)

Bryan Trustees Study \$2,250,000 Expansion

A Bryan Memorial Hospital Board will study the fund raising survey by Beaver Associates Inc. of Chicago on the possible expansion of the hospital.

Carroll Pauley, president of the board, said the committee on Capital Improvements will present its findings at a later date after a thorough study of the survey which indicates a possible \$2,250,000 expansion program for the hospital.

The expansion would hinge on a \$1 million public donation drive in the city of Lincoln, a drive which the report recommends begin not before 1958.

No action on the survey is expected to be taken at the board's regular meeting next Monday.

To 190 Beds

The program would increase Bryan Memorial, which is operated by the Methodist Church from 125 to 190 beds and double the nursing school capacity from 60 to 120 students.

Financing in addition to the \$1 million in donations would be, according to the report, \$150,000 from

surplus; \$200,000 from borrowing, and \$900,000 from application from federal matching funds.

The survey, taken by Donald C. Swanson, Beaver associate, recommends:

That a minimum of \$100,000 be raised among the medical staff at Bryan to prove the doctors recognize the need and favor the expansion;

That Bryan declare it is no longer in favor of the Master Lincoln Community Hospital Fund plan and propose that Bryan be the second hospital center in Lincoln;

That Bryan develop certain large contributors; and

That Bryan ask Methodists in southeast Nebraska to remember the hospital in wills and bequests.

Defeated Year Ago

The bond issue portion of the master Lincoln hospital plan was defeated in June, 1956.

The survey concluded that Lincoln is not ready to support a \$1 million campaign for any hospital at this time and that anything more than \$200,000 by public subscription would be "pure optimism."

Swanson's survey also indicated that Bryan cannot expect to conduct a successful campaign as long as the master hospital plan is undecided and that expansion for private hospitals may need a combined program of taxation and public subscription.

Court Allows Atty. Walker \$3,500 Fees

William L. Walker, court-appointed Lincoln attorney for Mrs. Helen F. Warren, was allowed \$3,500 in legal fees by Lancaster District Judge Harry Spencer for services in Mrs. Warren's first-degree murder trial in May.

Mrs. Warren was found guilty of manslaughter in the Jan. 26 sash-weight slaying of her husband, Maurice, and was sentenced to 10 years imprisonment.

Walker in his application had noted \$1,321.48 in expenses paid or absorbed for investigation expenses, telephone calls, court records and mileage, and other expenses for 12 South Dakota witnesses.

The court did not allow those expenses separately, but considered them in the legal fee allowance. Payments to defense expert witnesses were authorized as Dr. Edward E. Houfek, Omaha psychiatrist, \$125; Dr. John F. Steinman, Lincoln psychiatrist, \$299.07, and Dr. Don C. Fitzgerald, Omaha psychologist, \$108.20.

3 Days Consultation

Dr. Steinman's allowance included fees for three days of courtroom consultation during the trial. Walker's application had estimated the reasonable value of his services between \$5,000 and \$6,000 in addition to out-of-pocket expenses.

The attorney's fees and other allowances will be paid from the county's general fund as provided by law.

Fees allowed two other court-first-degree murder cases during the past several years were \$1,500 and \$1,200. The trials were not as lengthy as the Warren proceedings and did not involve out-of-state investigation.

AEC Renews Contract For U Of N Research

WASHINGTON (AP)—The Atomic Energy Commission announced renewal of a medical research contract with the University of Nebraska.

The research is on effects of cranial x-irradiation of psychological processes in rats. A. J. Arnold is the investigator. The amount of the contract is \$9,920.

PHYSICIST TO BE SPEAKER AT NU

A nuclear physicist who witnessed atomic bomb tests in Nevada and on the South Pacific islands of Bikini and Eniwetok, Dr. Emerson Jones of Lincoln, will speak on "Atomic Power" in the faculty lounge of the University of Nebraska Student Union at 4 p.m. Monday.

The public may attend.

Dr. Jones, of the Consumers Public Power District, is working on plans for an atomic power plant to be built near Hallam.

Dr. Jones

Mrs. Cotter Dies; Lincolnite 19 Years

Mrs. Ida May Cotter, 89, of 1319 No. 38th, a resident of Lincoln for the past 19 years, died Thursday.

A native of Fulton, Kan., Mrs. Cotter had lived at Pittsburgh, Kan., for many years. She was a member of Christ Methodist Church of Lincoln and the Royal Neighbors of Pittsburgh, Kan.

Funeral services will be 10:30 a.m. Monday at the Methodist Church at Pittsburgh, Kan., with Dr. Lloyd Rising, formerly of Lincoln, officiating. Burial will be at Mt. Olive Cemetery at Pittsburgh.

Surviving are a daughter, Mrs. Leonard E. Hoover of Lincoln; two sons Eugene F. of Lincoln and William J. of Arlington, Va., and four grandchildren.

Sidney Boy, 8, Dies In Bike-Car Crash

Death Hikes Toll To 109

SIDNEY, Neb. (P)—Dale Atkins, 8, was killed in a bicycle-auto collision in a Sidney alley Thursday. The boy was a son of Mr. and Mrs. Barney Atkins of Sidney, and was going home from vacation Bible school when the mishap occurred. Police said the driver of the car was Joan Simpson, 24. Miss Simpson had just entered the alley from a street. The death raised Nebraska's traffic fatality toll for the year to 109, as against 132 at the same time in 1956.

Crash Victim's Services Friday

Lincoln Star Special
HARTINGTON, Neb. — Funeral services for Alphonse Lammers, 67-year-old prominent businessman, will be held at 9:30 a.m. Friday at Holy Trinity Catholic Church in Hartington. He died in a Yankton, S. D., hospital of injuries suffered in a car-pickup truck accident at a county road intersection three miles northeast of Fordyce, Neb. Mr. Lammers died while undergoing surgery. He suffered fractures of the right leg and left ankle and internal injuries. Sheriff Ralph Clements said Lammers' auto was in collision with a pickup truck driven by Max Carnell of Ponca. Lammers was thrown from his auto into a cornfield. Carnell escaped injury. A native of Hartington, Lammers was associated for a number of years with the First National Bank there. In 1932 he became secretary of the Federal Land Bank office here and since 1943 had been in the real estate and insurance business. He never married. Survivors include several sisters and brothers.

POTATO CHIPS

MISS ARTHAUD

NU Extension Post Goes To Miss Arthaud

Agnes L. Arthaud has been named state home extension leader at the University of Nebraska to succeed Florence J. Atwood, who is retiring July 1. Miss Arthaud has been assistant to Miss Atwood for the past year. Before that she was district home extension supervisor for six years and Fillmore County home agent for 10 years. She was a 4-H club member eight years in Furnas County and a club leader several years following that.

Cambridge Native
A native of Cambridge, Miss Arthaud attended Kearney State Teachers College, received her bachelor of science degree in home economics from the University of Nebraska and her master of science degree in Extension education from Cornell University in Ithaca, N. Y. The new state leader also taught rural schools in Furnas and Red Willow Counties, and was high school home economics instructor at the Nebraska School of Agriculture in Curtis. She is a member of the Nebraska and American Home Economics associations; Omicron Nu, home economics honorary society; Phi Upsilon Omicron, home economics honorary and professional fraternity; and Delta Kappa Gamma, women teachers honorary society.

Easter Purchases Bring April Retail Sales 5 Pct. Over March

Bolstered by Easter purchases, April retail sales in Nebraska equaled last year's sales and climbed almost 5 per cent higher than March of this year. Clothing sales were down 21 per cent in March below a year ago but up 24 per cent in April, the University of Nebraska's business bulletin reported. Prepared by the department of business research, the June issue of Business in Nebraska reported that in retail sales Broken Bow showed the largest increase, 14.4 per cent, compared with last year. Kearney recorded a 10.4 per cent climb.

House Group Rejects Ainsworth, Farwell Projects

Other State Work Fares Better

WASHINGTON (AP) — The House Appropriations Committee Thursday recommended knocking out funds for two Nebraska reclamation projects in the coming fiscal year.

They are the Ainsworth unit in north central Nebraska and the Farwell unit in the central part of the state.

The committee said it rejected a budget request of \$1,100,000 for the Ainsworth unit because the repayment contract calls for only \$8.30 an acre of land to be irrigated.

Income on the land because of irrigation, the committee said, would be \$3,292. This leaves 70 per cent of the cost to be borne by Missouri project power revenues.

The primary purpose of the Ainsworth unit is to provide a full water supply for the irrigation of 33,960 acres of semiarid land in the north central section of Nebraska.

The committee also rejected a budget request of \$750,000 for the Farwell unit planned to irrigate an area 22 miles wide and 14 miles long.

It said funds for this new construction start were disallowed principally on the basis that the benefit-cost ratio is only 0.53 to 1.

In addition, the committee said, power revenues of the Missouri River basin project are expected to carry more than 60 per cent of the repayment costs for irrigation.

Nebraska reclamation projects approved by the committee were:

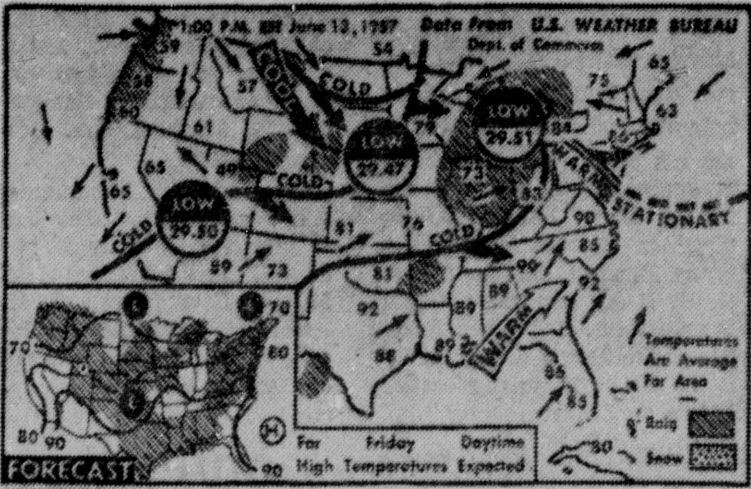

Frenchman - Cambridge, \$3,260,000, in southwest Nebraska. This was the amount recommended by the Budget Bureau. The major functions to be performed by the division are irrigation and flood control.

Sargent unit, \$313,000, in Blaine and Custer Counties. This was the amount recommended by the Budget Bureau. Purpose of the project is to provide a full water supply for irrigation of 7,560 acres.

Bostwick Division, Nebraska-Kansas, \$1,471,000 in south central Kansas. This was the amount recommended by the Budget Bureau. The multi-purpose project is planned to provide irrigation, regulation of stream runoff for flood control, fish and wildlife conservation and recreation.

The committee approved \$6,600,000 for Army Engineers projects from Omaha to Sioux City on the Missouri River in the year starting July 1. The same total had been budgeted by President Eisenhower.

For Kansas City to Omaha work, the committee recommended the same figure budgeted by the president, \$3,300,000. The committee also suggested no change in the \$1,400,000 recommended budget for Kenslers Bend, Neb., to Sioux City, Iowa.

More Scattered Showers On Docket

Rain is expected to be scattered through a major part of the nation Friday except for the extreme southeast, and the southwest quarter of the U.S. Warm, moist air will keep temperatures well up in the higher brackets through the eastern half of the U.S. with a little cooling expected in the central Plains and southern Rockies. It will continue cool in the northwest Pacific states. (AP Wirephoto Map)

Extensive Search Conducted For Intruder In West Omaha

OMAHA (AP) — Sheriff's deputies city police and State Safety Patrol troopers numbering up to 88 at times searched West Omaha for an intruder a 16-year-old girl beat off with a bandaged hand and an air rifle.

The girl was Josephine Taber. She said the intruder appeared to be about six feet, two inches tall, had horned rimmed glasses and appeared to have a mustache and a goatee. He was, she said, light brown in color.

That description generally fits John David Phillips, a Negro who has been charged with murder in the slaying of Mrs. Rita Kappenman, 21, on May 29 in her basement apartment.

Heard Footsteps
Josephine was at the basement home of her sister and brother-in-law, the Robert Norfords, when she heard footsteps on the roof.

She said she thought it was one of the Norfords coming home and went up the stairs to look.

Quickly she realized it wasn't and, she realized, she ran downstairs to grab an air rifle before running back up the stairs and stepping out the door.

Then, her story went, she was seized by a man, who, gun in hand, swung her around to face him.

Josephine said she swung with her bandaged hand and the man staggered back while she raised the air rifle and fired at him, missing, and, she declared, hitting a rabbit instead.

Josephine Thursday was shown pictures of Phillips, and said she was sure he was the man. She said she was sure she scratched the man's face with the cast on her arm.

Searchers during the night found a dirty blanket in an abandoned shed near the Morford home. It was believed to have been stolen from another home in the neighborhood.

A plaster cast was taken of a xangle footprint which the girl said was made by the prowler.

Ralph Dearborn, Former Hastings Postmaster, Dies

HASTINGS, Neb. (AP) — Ralph E. Dearborn, Hastings civic leader and former postmaster, died. He was 75.

A native of Tabor, Iowa, he came to Nebraska in 1888, settling at Osceola, where he entered the pipe and culvert business. He was Polk County engineer and surveyor from 1912 to 1922.

Dearborn moved to Hastings in 1925, was active in the Presbyterian Church, Kiwanis, and was chairman of the Adams County Democratic central committee.

Survivors include his widow, three sons and a daughter.

Perry Sapp Sells Paper At Osceola

Lincoln Star Special

OSCEOLA, Neb.—Perry Sapp, publisher of the weekly Osceola Record for the past 10 years, Thursday announced the sale of the newspaper to Mr. and Mrs. Donald Waterman of Hill City, Kan. The new owners will assume management July 1.

At the present time, Waterman is serving as advertising manager of the Hill City Times, a county seat newspaper in north central Kansas. He attended Kansas State College and served in Korea with the U.S. Marines.

Sapp, who said his future plans are indefinite, is a member of the Nebraska Press Association board of directors and a past president of the Southeast Nebraska Press Assn. He was a community service award winner in 1953 and 1955.

1,000 To Attend Stock Growers State Conclave

ALLIANCE, Neb. (AP) — More than a thousand members of the Nebraska Stock Growers Association and its women's auxiliary, the Cow-Belles, gathered here Thursday for the opening of the 68th annual NSGA convention.

Dedication of the association's new headquarters building was the first major event. Harry Gantz, Alliance attorney and former state senator, gave the dedication address. He took the place of Sen. Roman Hruska, who was unable to leave Washington.

Don B. Reynolds, North Platte, NSGA president, spoke Thursday afternoon.

Main speaker Thursday afternoon was Dr. Lawrence W. Price of the American Cyanamid Co., Chicago.

Alex Dreier, NBC news commentator, will give the main address Friday evening.

The annual business meeting is slated Saturday morning. This includes election of the president and vice-president for the coming year. By tradition, Reynolds will continue as president.

Sec. Wilson Sees Possible Manpower And Equipment Cutback

QUANTICO, Va. (AP) — Secretary of Defense Wilson indicated Thursday that budget limitations and mounting costs may compel cutbacks in both military manpower and the modernization of equipment.

Wilson told a news conference that "I don't have any elastic dollars" which can be stretched to cover higher prices.

Wilson said he is still studying all the factors and will lay them before President Eisenhower, probably next month.

The defense secretary met with reporters as he convened his fifth annual meeting of the civilian and military high command.

Gathering at this big Marine base for a dinner and the start of formal business sessions Friday morning were about 175 officials, including armed forces secretaries, deputies, assistants, generals and admirals.

Tight Secrecy

New ground rules in effect for this year's meeting seemed aimed at tightened secrecy about the discussions.

One reason for the secrecy appeared to be plans for a thoroughgoing discussion of the problems of disarmament.

Wilson was asked whether there would be briefings and censored abstracts of speeches made during

the closed-door meetings.

Wilson replied that "we think not, mostly because it isn't the nature of the conference." Then he added that the Joint Chiefs of Staff "are really going to talk very frankly as they see the problems."

Elsewhere in his remarks to reporters, Wilson had said that Pentagon officials "are trying to do the best they can for the security of the country" in advising on problems which would come up in connection with disarmament.

At his news conference Wilson

discussed general budget problems and said:

"I wouldn't think that in the present economy atmosphere any plan to increase the debt would be a feasible one."

It is "pretty clear," he said, that carrying out the present military program would cost more than the 38 billion dollar spending estimate for the year starting July 1—how much he did not now know.

"I personally think we are likely to do whatever is necessary to keep within the 38 billion," Wilson

said.

He emphasized this would be a decision for Eisenhower.

A newsman asked Wilson if any substantial cut in spending would mean an accompanying reduction in manpower. Wilson replied:

"It would be a mistake to keep the same total of men but not have the equipment they would need. It ought to be a balance."

This appeared to be a reference to the possible need for trimming the arms modernization program as well as manpower.

Board Grants Paroles To Five, Denies One, Commutes Two

The State Board of Pardons and Paroles Thursday granted paroles to five inmates at the Nebraska Penitentiary, commuted two prisoners to other states which have detainers on them and denied parole to one inmate.

Parole was denied Jerry Walters, 31, of Omaha, because he had violated a prison rule after his case had been set for hearing.

Walters, who is serving a three-year term for burglary, was sentenced Oct. 13, 1955, from Lancaster County.

William H. Allen, 30, of Hamilton, Ohio, was commuted to Michigan authorities who have a detainer on him. Otherwise his parole was denied.

Eight Children

The father of eight children, Allen was sentenced to a four-year term Aug. 23, 1955, from Gage County for breaking and entering.

The second commutation was granted to John Wish, 30, of Omaha, who was turned over to New York authorities.

Wish was sentenced to the Nebraska Penitentiary Oct. 13, 1953, from Douglas County for breaking and entering.

The Board set nine more cases for hearing at the Penitentiary July 17.

Special Hearing

In addition, the Board announced earlier, it will hold a special hearing July 11 for condemned murderer Stanley "Steve" Nowicki, scheduled to die in the electric

chair July 19. He is seeking commutation of the sentence.

The list of men paroled Thursday and cases to be heard next month:

GRANTED PAROLES JUNE 13

Preston L. Higgins, 34, of Hamlet, sentenced from Chase County, Nov. 30, 1955, to four years for forgery and violation of bench parole.

Ronald C. Wright, 20, of Beatrice, sentenced to a three to five year term, Oct. 25, 1954, from Gage County for burglary.

James R. Crawford, 33, of Omaha, sentenced to five years Dec. 6, 1954, from Douglas County for burglary.

Walter J. Horne, 51, of Omaha, sentenced to five years Dec. 11, 1955, from Douglas County for forgery.

L. E. McCluskey, 62, no home, sentenced to seven years Dec. 18, 1953, from York County for forgery.

CASES TO BE HEARD JULY 17

David Woods, 21, Minnesota; three years for burglary, breaking jail and stealing auto; Dixon County, Jan. 21, 1957.

George Conway, 23, Omaha; five years for burglary; Douglas County, Dec. 10, 1954.

Lloyd C. Combs, 26, Omaha; four years for burglary; Douglas County, Nov. 14, 1955.

Dora L. Adams, 32, Missouri; three years for assault with intent to do great bodily injury; Kimball County, Dec. 19, 1955.

Cecil Ward, 30, Oklahoma; three years for auto theft; Lancaster County, Nov. 30, 1955.

Robert G. Nicholson, 25, Sutherland, Neb.; two years for escape from prison; Lancaster County in December, 1954 (started serving term April 6, 1956).

Genaro Gomez, 31, Mexico; 10 years for manslaughter; Scotts Bluff County, Sept. 23, 1955.

John C. Harding, 23, Chadron; 5-7 years for break-in and entering; Sheridan County, Nov. 18, 1954.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Boer

We're still getting those stereo typed congressional arguments with mimeograph sauce. Never in the history of our government has there been so much air-conditioned b e w i l d e r m e n t.

A hard-riding swivel posse was deputized to pick out the five greatest senators. And left out Walter Johnson.

Bugs Boer

They reversed the memory Univac and came up with Calhoun and Clay. That's sure going a long way into the woods to crack an acorn.

Taft was the modern senator to make the distinguished roll-call of immortals. The only debate was whether J. Ham Lewis' seven toupees matched Daniel Webster's hair.

LaFollette was tapped for skill and keys, but Borah and Carter Glass were overlooked like the bride's father. I knew them all in Washington around 1910. You could

have filmed an African big game safari in their eyebrows.

Every senator I ever saw looked like a senator. But representatives come in more sizes and shapes than icebox cookies.

I was a baseball reporter at that time when Walter Johnson removed the Washington label. "First in war, first in peace and last in the American League."

That's why I figured Walter as the all-time senator.

Theater Pool

NEW YORK (U)—A new center for experimental theater productions opens here with a new kind of added attraction—a swimming pool. Organized as the Murray Hill Academy of Theater and Arts, the sponsoring group has converted a former private clubhouse on midtown Madison Avenue. The building is to have two small proscenium auditoriums and a hall for theater-in-the-round productions. The upper floors have office facilities and the swimming pool—which will be available for staff recreation instead of show,

Braves Gain NL Leadership

GIANT ARTILLERY TOO HEAVY FOR CUBS, 7-4

NEW YORK (AP)—Home runs by Whitey Lockman, Ray Jablonski and Red Schoendienst paced a 10-hit attack Thursday as New York downed Chicago 7-4 for a sweep of the three-game series.

Jim Davis, second of three Giant pitchers, was the winner over Dave Hillman who was chased in the second inning. Willie Mays, who beat the Cubs almost single-handed Wednesday, started the scoring with a single in the first following a walk to Lockman and a single by Schoendienst.

The Giants stung Cub pitching for five runs in the second, including a pair of two-run homers by Lockman and Jablonski. Schoendienst connected for his ninth

home run into the right field stands with nobody on in the fourth.

The Cubs, trailing 6-0, scored three in the third after Jim Brosnan's double, Bob Morgan's single and a walk to Bob Speake loaded the bases with nobody out. Ernie Banks forced Brosnan at the plate, but a balk, called against Pete Burnside, permitted Morgan to score and all runners to advance.

Topple Brooks By 8-5

BROOKLYN (AP)—Milwaukee grabbed the National League lead by one-half game Thursday on a three-run homer by Carl Sawatski in the eighth inning of a stormy 8-5 victory over Brooklyn.

Fists flew in the second inning after Johnny Logan, Milwaukee shortstop, was hit on the side by the charging Logan with a right to the face, Eddie Mathews of the Braves punched the Brooklyn pitcher and they wrestled on the ground as players from both clubs swarmed onto the field.

Drysdale and Logan were ejected by the umpires.

The fight followed a two-run homer by Bill Bruton, the second of the day for the Braves' center fielder. It gave Milwaukee a 4-0 lead.

Although the Dodgers came back to tie with the help of Gino Cimoli's two-run homer in the sixth, and a run in the seventh, the Braves broke through with four more in the eighth, climaxed by Sawatski's homer into the left center stands with Frank Torre and Bobby Thomson on base.

The victory sent the Braves ahead of Cincinnati which lost to Pittsburgh. Milwaukee and Brooklyn had been tied for second, a half game behind the Redlegs.

Bruton opened the day's excitement with a leadoff homer into the left field stands off Drysdale. After doubles by Thomson and Sawatski produced another run in the second, Bruton hit his third homer over the center field screen.

Then came the battle between Logan and Drysdale after a pitch hit the Milwaukee shortstop.

PIRATES POUND REDLEG PITCHER FOR 3-2 WIN

PITTSBURGH (AP)—The Pittsburgh Pirates splurged an 11-hit attack Thursday to back up the six-hit pitching of Bob Friend and beat the Cincinnati Redlegs 3-2. Gene Baker drove in the winning run in the ninth with a long fly.

The Redlegs' Don Hoak hit his eighth and ninth home runs of the season to twice pull Cincinnati even with the Pirates.

Friend, who was lifted for a pinch hitter in the last of the ninth, fanned seven and walked only one. The victory was his fourth against seven defeats.

Baker's long fly to right field came with the bases loaded and one out in the ninth.

It was the Pirates fifth straight victory—four of them over the Redlegs who lost the National League lead to Milwaukee by a half game, as the Braves beat Brooklyn 8-5.

The Pirates broke the scoring ice in the second inning when Bill Mazeroski drove home Dick Rand with a single. Hoak hit his first homer in the third to tie the ball game 1-1.

The Pirates moved back into the lead when Dee Fondy singled with two out and scored on Frank Thomas' double into left field in the third.

Left-handed Golf Meet At Hastings

HOLDREGE (AP)—The Nebraska Sand Greens Golf Assn. will sponsor the first National Mid-American Left-handed Golf Tournament at the Hastings Country Club July 13-14.

Announcement of the event was made by Keith Lowe of Alma, executive secretary, and Bernie Gress of Holdrege, newly-named publicity chairman for the organization.

One Game Added To Chiefs' Slate

The Lincoln Chiefs will make up a June 7 postponement with Sioux City on Monday, June 24 at Sherman Field. This adds one date to the Chiefs' schedule, since June 24 was previously open.

The May 20 Pueblo at Lincoln game, also postponed, will be made up as part of a Sherman Field doubleheader Wednesday, July 17.

Baltimore Signs 7th Bonus Player

DETROIT (INS)—The Baltimore Orioles Thursday signed a 17-year-old catcher Frank Zupo of San Francisco, for an estimated bonus of \$30,000.

Zupo throws right and bats left-handed, compiling a .468 batting average over the past three years at Sacred Heart High School in San Francisco. The 180 pound youngster reported to the Orioles in Cleveland this weekend.

Zupo is the seventh bonus baby to sign with the Orioles since they returned to the American League in 1954 and the sixth under Manager Paul Richards' regime.

What is a father?

When you are small, a father is two huge hands. These hands help you cross the street. They put worms on hooks better than any other hands in the world.

A father is the man who sits at the head of the table. He gets two lamb chops...you get one. He is nice to be near when there's thunder and lightning...or trouble.

A father understands when you think you're too old to be kissed goodnight. He is the one who teaches you how to tie your tie, who buys your first razor, who gives you permission to take the car...and who comforts Mother when you aren't home on time. Sometimes he helps you fail algebra.

A father spends most of his life reaching in his pocket for money to give someone for something. His favorite words are, "Now when I was your age..."

A father is the person you want to be like when you grow up. You can ignore him, but you can never forget him. A father is a small boy grown taller and wiser.

A good father's wisdom extends to many things. And not small among them is his practice of moderation in all things, including the use of whiskey. On the occasion of Father's Day, 1957, and our 100th anniversary year, The House of Seagram says once again: fine whiskey is a luxury to be enjoyed in one way—and only one way—wisely, in moderation.
